About

- ETS is the world's largest private educational assessment and research organization
- Founded in 1947 with over 75 years of experience and expertise
- Presence in 180 countries
- Develops, administers and scores more than 50 million tests per year including:
 - TOEFL® Family of Tests - the most widely respected English-language test in the world for academic study and immigration
 - TOEIC® Family of Tests - the global standard of assessing English proficiency for everyday and workplace communication skills
 - GRE® tests
 - The Praxis Series® assessments
 - SAT Tests
 - PISA Exams

Workplace Competitiveness Evolution

International English Communication

- The COVID pandemic has leapfrogged a generation in the workplace dynamics
- In the past, people aspirations were mostly around achieving a local job and English was a nice to have.
- Today, everyone knows that an international job is possible, the only requirement is the ability to **effectively communicate** in English.
- The English Discoveries Excellence program provides this critical layer. Students improve their English using the most advanced and effective platform and can check their progress using the globally accepted English Test for International Communication – the **TOEIC test**.
- English Discoveries, the Test Preparation Course and the TOEIC tests, can open the doors for a global job no matter where you are.

ABILITIES MEASURED – TOEIC®

LISTENING

400 - 495 POINTS

STRENGTHS

TEST TAKERS WHO SCORE AROUND 400 TYPICALLY HAVE THE FOLLOWING STRENGTHS:

- They can infer the central idea, purpose, and basic context of short spoken exchanges across a broad range of vocabulary, even when conversational responses are indirect or not easy to predict.
- They can infer the central idea, purpose, and basic context of extended spoken texts across a broad range of vocabulary. They can do this even when the information is not supported by repetition or paraphrase and when it is necessary to connect information across the text.
- They can understand details in short spoken exchanges, even when negative constructions are present, when the language is syntactically complex, or when difficult vocabulary is used.
- They can understand details in extended spoken texts, even when it is necessary to connect information across the text and when this information is not supported by repetition. They can understand details when the information is paraphrased or when negative constructions are present
